

Rowanty Technical Center Insurance Verification Form

The Rowanty Technical Center offers programs that expose students to a variety of career fields. Students have learning experiences where they are using tools and power equipment representative of that career field. The Center provides instruction on safety and the use of this equipment. This institution with supervision doesn't guarantee that students always follow the best practices or these measures prevent accidents. Consequently, students must have accidental insurance either through their parents/guardians or purchase school accidental insurance. Please contact Rowanty if you need information about school insurance. I have had an opportunity to understand the risk.
