Parents and Students:

On behalf of the entire staff, I would like to welcome you to Rowanty Technical Center. Our goal is to create a learning experience so students may leave the Technical Center and transition into post-secondary education and/or the workplace. We prepare students for highly skilled careers within our region and the State of Virginia by working together with parents, students, and stakeholders in the community.

This handbook provides an outline of the rules and expectations necessary to ensure a safe, orderly, and disruption-free learning environment for our students and staff. A review of the handbook will be conducted by our staff during the first week of school. Additionally, we urge each parent/guardian to review the handbook with their child. Each parent/guardian and student are required to sign the Student-Parent Acknowledgement of the Rules and Regulations form. Failure to sign this document will result in the student not being able to participate in shop or computer lab activities. Parents and students should not hesitate to contact the Center for clarification regarding any rule or procedure outlined in this handbook.

The administration and staff of Rowanty Technical Center look forward to working with each student and parent to ensure a positive and productive educational experience. We feel the 2023-2024 school year will be very successful and rewarding with your support.

Sincerely,
Cheryl L. Simmers
Principal

Please note that additional policies and procedures may be set separate from those in the Student Handbook. These policies will supersede any policies in this handbook.

Appropriate and Safe Dress

The Rowanty Technical Center promotes student development of professionalism within each program. The goal is to develop dress habits that ensure individual safety and respect for others in the Center. Students are expected to be appropriately and decently dressed while attending school and school functions. All clothing must be neat, clean, and properly fitted according to the student's size and height and additionally conform to standards of workplace safety. All instructors will provide detailed guidelines or appropriate and safe attire in their syllabi.

Any clothing that interferes with or disrupts the educational environment is unacceptable. Clothing with language or images that are vulgar, discriminatory, or obscene, or clothing that promotes illegal or violent conduct, such as the unlawful use of weapons, drugs, alcohol, tobacco, or drug paraphernalia or clothing that contains threats such as gang symbols is prohibited. School climate has a direct influence on student achievement, and the manner in which students dress is a significant factor in school climate.

If a student's dress is such that it constitutes a disruption to the educational environment or poses a threat to health or safety the Principal/Designee will require that the student make arrangements for a change of clothing. Students will not be permitted to return to class until appropriate clothing is being worn.

The following guidelines for dress code should be followed at all times:

- No head coverings should be worn at any time during school hours unless required for cultural, religious, or medical reasons. Hoods on sweatshirts, shirts, or coats should not be worn at any time during school hours.
- Bandanas, do-rags, bonnets, head scarves (with the exception of head garments for religious and cultural reasons), hair picks, wave caps, large combs, brushes, and rollers should not be worn at any time.
- Hats must be removed upon entering the building. They may be worn in the classrooms and/or shops at the discretion of the instructor. (Refer to the class syllabus.) Students must abide by the rules of any instructor within their class/shop areas (outside of their scheduled program) if they need to enter them.
- All clothing must always cover undergarments on school property. Students should wear belts, if needed, to ensure that clothing (e.g., pants) is secured at the natural waistline.
- All unstructured stretch pants, such as leggings, require a dress, shirt or tunic that reaches at least mid-thigh. Sheer and see-through clothing must have solid material underneath that follow the box as seen above.
- The front and back of the body (including skin), from the armpit down to mid-thigh, must be covered. Shirt straps must be 1 ½ inches or wider. Tank tops may not be worn in a shop/lab at Rowanty.

- Sleepwear (pajamas), beachwear and costumes should not be worn at any time.
- Students may be prohibited from wearing cut-off jeans, cut-off sweatpants, or torn, ripped, or slashed clothing due to safety concerns within labs/shops. Students must abide by the program-specific guidelines.
- Sunglasses, unless prescribed by a physician, should not be worn at any time in the building. Documentation from the physician must be provided to Rowanty Technical Center.
- Students may not wear clothing, chains, jewelry, and personal belongings with messages that pertain to drugs, alcohol, tobacco/vape devices, sex, gangs, vulgarity, or that could cause a substantial disruption to the learning environment.
- Students may not wear spiked jewelry, chains, and items which could cause student injury.
- Blankets and/or throws are not allowed in the building.
- Students may not wear open-toed shoes at Rowanty except for special occasions that have been designated by the principal (e.g., job fair). Slippers are not allowed to be worn at any time within the school. Students are discouraged from wearing high heels, due to safety concerns. Students must follow the guidelines for their programs regarding footwear. Athletic shoes and/or shoes with rubber soles are examples of shoes that can minimize safety issues.

Students **may not**:

- Drape any item around the neck (e.g. towels, clothing, and capes).
- Roll down waistbands on shorts, pants, and skirts.
- Wear clothing in any manner that reveals undergarments at any time.
- Wear athletic basketball jerseys without wearing a t-shirt beneath the jersey.

Specific apparel is required for programs within the Technical Center by the nature of the work to be performed as well as by State and/or local policy. Students will be advised of these requirements at the beginning of the school year and will be given a reasonable amount of time to procure the needed items (two weeks from opening). **Closed toe shoes should be worn at all times at Rowanty Technical Center, including the classroom. Bedroom shoes should not be worn at Rowanty Technical Center for any reason.**

In some areas a change of shoes is desirable or even necessary. Safety shoes are recommended and may be required in certain programs. Appropriate footwear should be kept in the student's locker along with work clothes and worn as required. Students will not be allowed to go barefooted in any area as this is both unsanitary and unsafe.

Additionally, students must wear appropriate protective equipment when performing hazardous operations. The protective equipment includes safety glasses/shields and may include gloves, aprons, hard hats, etc.

Attendance Policy

Part of the mission of the Rowanty Technical Center is to prepare students to make the important transition from school to post-secondary education and/or employment. Helping students develop good attendance habits is an important part of that mission. Students are expected to arrive at school and all classes on time every day. Any absence will be considered unexcused until appropriate verification is received and reviewed by the principal/designee.

Some programs have very specific requirements about attendance and the certifying agency will indicate the amount of absences (excused and unexcused) before loss of credit, certification and/or dismissal in the program. Students in these programs will be informed at the beginning of school. The certifying agency's guidelines will supersede any school attendance policy regarding a student's ability to "sit" for a state/national exam.

Attending school each day and being on time to school are extremely important to a student's academic development and achievement. Every day a student is in school is an opportunity to learn, build relationships, and access needed support. Too many absences can cause children to fall behind and make it harder to learn to read. **Students are expected to attend school at least 95% of the time. During a 175-day school year, that means students should miss no more than nine days.**

Each parent/legal guardian is responsible for regular and punctual attendance of any child in their charge within the [compulsory age for school attendance](#). Emancipated students are responsible for their own regular and punctual attendance. Parents/legal guardians and emancipated students are expected to work cooperatively with school personnel to correct attendance issues.

What are the procedures if a student is absent?

A reasonable effort will be made by the school to verify the absence. When an absence occurs, the parent/guardian is requested to provide the school written note explaining the reason for the absence within three days of the student's return to school. Written verification should be signed by the parent/guardian and be accompanied by documentation from a physician or other legal entity (e.g., court) when possible.

What if my child is late to school?

When late arrival is necessary, written verification stating reasons for such shall be presented upon arrival. Tardiness will be considered excused for reasons consistent with those for which an excused absence is granted.

What if my child needs to leave school early?

When early dismissal is necessary, written verification requesting such shall be presented to the attendance secretary. Early dismissal shall be considered excused for reasons consistent with those for which an excused absence is granted.

*We understand that there will be times when late arrivals or early departures are unavoidable due to doctor’s appointments. We ask that these only occur when absolutely necessary. Every minute of the instructional day matters for students. When they are not there, they miss valuable information, instruction, and work.

In the event the school officials determine it necessary, steps shall be taken to verify an excuse for absence, late arrival, or early dismissal. A pattern of absences, late arrivals, or early dismissals may be questioned by school officials when there is reason to suspect forgery or a misrepresentation of facts exists.

**What is the difference between an excused absence and an unexcused absence?
Any absence will be considered unexcused until appropriate verification is received and reviewed by the school’s attendance secretary.**

Rowanty Technical Center defines excused and unexcused absences. Examples are shown in the chart below.

Examples of Excused Absences	Examples of Unexcused Absences
Personal illness/Mental health	Student employment or work schedule
Death in immediate family/household	Lack of transportation or missed bus
Extenuating circumstances	Oversleeping or general tiredness
Religious holiday	Taking care of siblings
Professional/Legal Appointments	Out-of-school suspension
School-sponsored/related activities	Activities unrelated to school/Vacations

****We will only excuse 3 personal illness days per nine weeks with parent documentation.**

****Extenuating circumstances must have prior approval from the principal.**

****Professional/Legal/Doctor Appointments require a note from the doctor, lawyer, etc.**

****With documentation (e.g., program, obituary) 3 days will be allowed for a death in the immediate family or household**

What are the procedures if a student has excessive unexcused absences?

It is extremely important that any student absence only be for a valid reason (as outlined in the example above) and that **the parent/legal guardian submits the appropriate documentation either in advance of, during or directly following the absence so that it can be documented as excused.**

If there is a medical or disability-related reason for a student's absence(s), the parent/legal guardian should communicate with support staff at the school, such as the school attendance secretary, teacher or administrator so that the appropriate supports can be put into place to assist the student. For chronic issues, it is recommended to the parent to provide documentation from a health professional so Rowanty can best provide support for the student. The state requires that schools take steps to support students who have excessive unexcused absences. Rowanty Technical Center will take the following actions when a student has accumulated the corresponding number of unexcused absences for the full school day.

Compulsory Attendance

Students are expected to attend school every day. Any absence will be considered unexcused until appropriate verification is received and reviewed by the principal/designee. Each time a student is absent from school, he/she will provide a note from the parent/guardian or official documentation from a medical office, court or other organization within three school days of the absence and return to school. It is the responsibility of the student to provide these notes.

An absence shall be excused for the following reasons per nine week marking period:

1. Personal illness (2 days, with parent verification)
2. Death in immediate family or household (3 days)
3. Professional or legal appointment (unlimited, unless there may be reason to suspect abuse)
4. Required court appearances
5. College/military visits with **prior approval of the principal**
6. Extenuating circumstances with **prior approval of the principal**

Students will not be marked absent for participation in school approved field trips and club meetings as long as the school has been notified. It is the student's responsibility to notify teachers and the attendance officer prior to such absences. Students who miss class due to field trips, testing, etc., and who know in advance, should have assignments prepared for the following school day.

Student Attendance Actions

The following actions will be taken at the time of the corresponding absence (**Items with an asterisk (*) are required by Virginia Code**):

*A record shall be maintained of each meeting that includes the attendance plan, the name of individuals in attendance at each conference meeting (including via telephone or electronic devices), the location and date of the conference, a summary of what occurred, and follow-up steps.

- **A school official will contact the parent/guardian for daily absences.**

- **5 unexcused absences*- An attendance plan will be developed by phone or face-to-face with student and parents/guardians to determine if more support and/or interventions are needed.**
- **6 unexcused absences- The school will develop and implement an attendance agreement with the parent/guardian and student.**
- **7 or more unexcused absences*- A face-to-face attendance conference will be scheduled. (Per VA Code the attendance conference must be held within 10 school days from the date of the 10th unexcused absence). The conference shall include the student, parent/guardian and principal.**

The attendance team shall monitor the student’s attendance and, as necessary, meet again to address and plan additional interventions if the student’s attendance does not improve.

The home high school social worker may (i) file a complaint with the juvenile and domestic relations district court alleging the student is a child in need of supervision (CHINS) as defined in § [16.1-228](#) of the Code of Virginia or (ii) institute proceedings against the parent pursuant to § [18.2-371](#) or [22.1-262](#) of the Code of Virginia. In addition to written documentation of the efforts to comply with the notice provisions of § [22.1-258](#) of the Code of Virginia, all records of intervention regarding the student’s unexcused absences, such as copies of the conference meeting notes, attendance plan, and description of the supports offered or made available to the student shall be presented to the intake worker.

Report for Suspension of Driver’s License

In addition to any other actions taken pursuant to this policy, if a student who is under 18 years of age has 10 or more unexcused absences from school on consecutive school days, the principal may notify the juvenile and domestic relations court, which may take action to suspend the student’s driver’s license. [Virginia Code §46.2-334.001](#)

Excessive and Unexcused Tardiness or Absences to School or Class

Students are expected to attend class every day. Absence from class includes late arrival, early dismissal or missing from any class. Justifiable reasons for non-attendance should be submitted to the attendance officer for each absence, late arrival, or class absence. Absences from class require approval from an administrator. Unexcused tardiness and/or skipping class are considered violations of compulsory attendance.

Tardies

Students will be marked tardy when entering class after class has started unless they have an approved student pass or other approved excuse for being late. Upon receiving the third tardy, in the same nine weeks grading period and in the same class, the student will be required to sign a disciplinary form indicating that this is his/her third tardy. The instructor will hold the form and if the student is tardy again during the nine weeks period, the student will be referred to the administration.

Illness

The Rowanty Technical Center is committed to providing a safe and healthy environment for students, staff, and visitors. In an effort to minimize the spread of illness, students with infectious and contagious diseases/conditions and students believed to have conjunctivitis-pink eye, impetigo, head lice, ringworm or scabies will be sent home until treatment is initiated. Additionally, students may be sent home if any of the following signs/symptoms are present:

- Fever of 100 degrees or more,
- Vomiting,
- Repeated diarrhea,
- Inflamed/draining eyes, nose or ears,
- Persistent cough/sore throat,
- Skin eruptions/draining sores.

If a student experiences an accident or becomes ill during the school day the parent/guardian will be notified immediately. In case of emergencies, the Technical Center staff will assist with emergency care until the student can be picked up by the parent/guardian or transported to the hospital by Emergency Medical Services.

Makeup Work for Absences

It is the student's responsibility to request makeup work for days missed. Students must make-up work within **three (3) school days** of each absence unless other arrangements have been made with the teacher. The teacher will determine time allotted for return of makeup work. Students that do not comply with the policy will receive a zero for any/all missing assignments.

Notes for Absences

Students are reminded that presenting a "forged note" will result in disciplinary action. If a student exceeds five (5) absences per nine week marking period, only **two (2) parent excuses** will be accepted per nine week marking period. Other days must be excused by professional notes (doctor, legal, etc.).

In the event the school officials determine its necessary, steps shall be taken to verify an excuse for absence, late arrival, or early dismissal. School officials may question a pattern of absences, late arrivals, or early dismissals when there is reason to suspect forgery or a misrepresentation of facts exists.

Credit Denial and Appeal

Any student, who has five (5) days or more unexcused absences in any class in a given nine-week period, may be subject to credit denial. A grade of 59 will be received (or the earned grade for the course, if it is lower than 59). If credit is denied, the student and parent/legal guardian may appeal the decision to the principal. If the student has surpassed the absence limit during the semester, the student is required to continue to attend school under the Compulsory Attendance Law.

Early Dismissals

Students will be allowed to leave school early for a doctor's appointments or other purposes if a request is made by the parent/guardian through The Rowanty Technical Center. Unless the student is to be picked up by the parent/guardian, this request must be written and include an explanation

of how and with whom the student will leave the Technical Center and the telephone number where the parent may be reached during school hours. If the student is to be dismissed early, the parent/guardian or an adult approved by the parents must show identification and sign the student out of the office. If a student is dismissed and is not present for at least one-half of the instructional period (**75 minutes**), the student will be marked absent for the day. Students who leave early without following procedure will be considered skipping and will be disciplined accordingly.

Field Trips, Testing, and Other Home School Activities

Students who are on legitimate home school field trips or who are detained at the home school for other activities are not counted absent at the Technical Center provided the Center is notified by the appropriate administrative personnel from the home school. These students are expected to make up any work missed to the satisfaction of the teacher upon returning to school. Excessive absences in this area will be reviewed by administration. Excessive absences in Rowanty courses often impact student performance. Since workplace readiness is a primary goal, students and parents may be contacted to discuss any attendance issue, excused or unexcused absences. Grades may be impacted in Rowanty hands-on work if students have excessive absences due to field trips, testing and other home school activities.

Perfect attendance

A student is considered to have perfect attendance if they were present every day that school was in session with no tardy arrivals and/or early dismissals.

Inclement Weather

During the school year, weather may cause the cancellation of school. If two of the three (Dinwiddie, Prince George, and Sussex County Schools) are closed, Rowanty Technical Center will be closed.

COMPULSORY ATTENDANCE REQUIREMENTS FROM THE CODE OF VIRGINIA

Be it enacted by the General Assembly of Virginia: That §§ 22.1-254, 22.1-258, 22.1-261, 22.1-262, as it is currently effective and as it may become effective, 22.1-263, 22.1-265 and 22.1-280.1 of the Code of Virginia are amended and reenacted as follows:

§ 22.1-254. Ages of children required to attend.

A. Every parent, guardian, or other person in the Commonwealth having control or charge of any child who will have reached the fifth birthday on or before September 30 of any school year and who has not passed the eighteenth birthday shall, during the period of each year the public schools are in session and for the same number of days and hours per day as the public schools, send such child to a public school or to a private, denominational or parochial school, or have such child taught by a tutor or teacher of qualifications prescribed by the Board of Education and approved by the division Superintendent, or provide for home instruction of such child as described in § 22.1-254.1.

As prescribed in the regulations of the Board of Education, the requirements of this section may also be satisfied by sending a child to an alternative program of study or work/study offered by a public, private, denominational or parochial school, or by a public or private degree-granting institution of higher education. Further, in the case of any five-year-old child who is subject to the provisions of this subsection, the requirements of this section may be alternatively satisfied by sending the child to any public educational pre-kindergarten program, including a Head Start program, or in a private, denominational or parochial educational pre-kindergarten program.

B. Instruction in the home of a child or children by the parent, legal guardian or other person having control or charge of such child or children shall not be classified or defined as a private, denominational or parochial school.

C. The requirements of this section shall not apply to any child who has obtained a high school diploma or its equivalent, or a certificate of completion, or a passing score on a high school equivalency examination approved by the Board of Education, or has otherwise complied with compulsory school attendance requirements as set forth in this article.

D. The requirements of this section shall apply to any child in the custody of the Department of Juvenile Justice, or any child who may have been adjudicated as an adult, and who has not passed his/her eighteenth birthday.

E. The requirements of this section shall apply to any child whom the division Superintendent has required to take a special program of prevention, intervention, or remediation as provided in subsection C of §§ 22.1-253.13:1 and 22.1-254.01.

F. Within one (1) calendar month of the opening of school, each School Board shall send to the parents or legal guardian of each student enrolled in the division a copy of the compulsory school attendance law and the enforcement procedures and policies established by the School Board.

§ 22.1-258. Appointment of attendance officers; notification when pupil fails to report to school.

Every School Board shall have power to appoint one or more attendance officers who shall be charged with the enforcement of the provisions of this article. Where the School Board appoints no attendance officer, the division Superintendent shall act as attendance officer.

Whenever any pupil fails to report to school on a regularly scheduled school day and no indication has been received by school personnel that the pupil's parent or legal guardian is aware of the pupil's absence, a reasonable effort to notify by telephone the parent or legal guardian shall be made by the attendance officer, other school personnel or volunteers organized by the school administration for this purpose. School divisions are encouraged to use non-instructional personnel for this notice. Whenever any pupil fails to report to school for three (3) consecutive school days, or for a total of five (5) scheduled school days per month, or an aggregate of seven (7) scheduled school days per school calendar quarter, whichever occurs sooner, and no indication has been received by school personnel that the pupil's parent or legal guardian is aware of the pupil's absence, and a reasonable effort to notify the parent or legal guardian has failed, the school principal or his/her designee shall notify the parent or legal guardian by letter that such parent or legal guardian is requested to advise the school in writing of the reason for the pupil's absence or to accompany the pupil upon his/her return to school to explain the reason for his/her absence. Upon the failure of the parent or legal guardian to so advise the school, or to return the child to school within three (3) school days of the date of the notice, the school principal or his/her designee shall notify the attendance officer or the division Superintendent, as the case may be, who shall enforce the provisions of this article.

However, nothing in this section shall be construed to limit in any way the authority of any attendance officer or division Superintendent to seek immediate compliance with the compulsory school attendance law as set forth in this article.

Attendance officers, other school personnel, or volunteers organized by the school administration for this purpose shall be immune from any civil or criminal liability in connection with the notice to parents of a pupil's absence or failure to give such notice as required by this section.

TRANSPORTATION

Bus Transportation

School bus transportation is provided daily for students to/from Rowanty Technical Center by the respective school district. Students are expected to take the bus and behave in a safe and orderly manner. The driver and riders of the bus have the responsibility to maintain order and provide a safe environment. Therefore, the driver has the authority to develop and enforce rules which will ensure the safety of students. Expectations of the students include the following:

- Remain seated in their assigned seats;
- Speak in an appropriate voice tone;
- Refrain from consuming food and beverage while on the bus;
- Refrain from using profanity/indecent language.

Riding a school bus is a privilege. Students who do not behave on the bus may be subject to both disciplinary consequences and revocation of riding privileges for a specified period of time.

Missing the Bus from Home School

It is the sole responsibility of the student to ride the bus that is provided by the home school district to transport students to the Rowanty Technical Center. Students who miss the bus from the home school to the Rowanty Technical Center **are not automatically given permission** to drive to the Technical Center. The student should report to the office of the home school or have a parent/guardian **call an administrator at the home school and Rowanty Technical Center** for permission to drive to the Rowanty Technical Center. Please note that students should **NOT** drive to Rowanty Technical Center without Rowanty administration approval. Students may face disciplinary action if this policy is not followed.

Student Driving

- Student's technical teacher,
- Principal at the technical center,
- High school administrator (assistant principal or principal),
- The parent/guardian.

Phone calls are not sufficient to meet the requirements of a driving pass, unless Rowanty administration has approved the request.

Please note that no employee of the Rowanty Technical Center will contact the student's home school or parents to obtain the signatures required for driving to the Technical Center. The driving pass must be submitted to the main office no later than the day prior to driving to Rowanty Technical Center or a date that is predetermined by administration and/or faculty. Failure to

comply with this guideline will forfeit a student's rights to drive for the day. Repeated offenses will result in additional disciplinary action that may result in loss of driving privileges.

Students may not have other students riding in vehicles with them to/from Rowanty Technical Center or any other school sanctioned event (e.g., fire burns, field trips). Written permission must be obtained, according to administrative guidelines, for students to ride with other students' parents.

Student drivers are expected to apply safe driving practices when driving to/from the Technical Center. Student drivers will always yield the right of way to school buses and pedestrians. Any student who is found in violation of regulations or who drives to the Technical Center without prior authorization will face administrative action.

Any infraction of the driving guidelines may result in the loss of driving privileges. This loss may be one day up to a permanent revocation of driving privileges. Repeated infractions will result in the loss of driving privileges.

Student Rules and Regulations

In all cases where disciplinary action is required, the home school principal and superintendent may be consulted. Any disciplinary action issued at Rowanty Technical Center regarding suspension and bus suspension will apply at the home school. Any disciplinary action issued at the home school regarding suspension and bus suspension will also apply at Rowanty Technical Center.

Rowanty Technical Center's Grading Policies & Procedures

Grading Policies and Procedures

All instruction at the Rowanty Technical Center is directed towards the achievement of specified tasks or job skills. Instructors are required to incorporate state-approved task lists and tasks from **Virginia's All Aspects of an Industry and Workplace Readiness Skills**.

The teacher determines the student's grade through a weighted average of tests, quizzes, homework, project grades, and performance grades based on the state approved task list. Grades for these assignments will be based off the Rowanty Technical Center's Grading Scale. Grades will be reported to each home school. Dinwiddie and Sussex students will have their grades reported in letter and numerical score. Prince George students will have their grades reported in letter form only. The Prince George Guidance Department will translate these letters into numerical form, to be used for calculating GPA only. Please note that Rowanty Technical Center's numerical scores will be the **only** scores used to calculate whether students are eligible to take their state licensing exams (e.g., Nurse's Aide).

Any student that receives a grade of 65 or lower on an end of quarter, semester or year grade will be placed on academic probation. The home school will be notified and a plan for improvement will be completed in conjunction with the student, parents/guardians, home school (any appropriate personnel), and Rowanty Technical Center. Failure to comply with the plan for improvement may result in removal from the program.

Rowanty Technical Center's Internet & Technology Acceptable Use Policy

Technology Use

Rowanty Vocational Technical Center provides access for students, staff, and its community to resources from around the world through an electronic communication system which includes internet and email access. These technologies are provided the purpose of enhancing learning and communication inside and outside Rowanty for educational or school business purposes only. For questions about the Internet Safety and Acceptable Use Policy, students should talk to a Rowanty staff member, and staff members should talk to Rowanty Administration or the I.T. Department.

The Opportunities and Risks of Technology Use

Rowanty Vocational Technical Center believes that the value of information and interaction that technology offers outweighs the possible hazards of its use. Making network, internet and email access available to students and staff, however, carries some risk to the user and to the security of personal information. Because information on networks is transitory and so diverse, Rowanty cannot completely predict or control what users may or may not locate either intentionally or accidentally.

In accordance with the Children's Internet Protection Act (CIPA) , Virginia Department of Human Resource Management Policy: 1.75 – Use of Electronic Communications And Social Media, the Keeping the Internet Devoid of Sexual Predators Act of 2008, and the Protecting Children in the 21st Century Act, Rowanty installs, operates, and monitors filtering software to limit users' internet access to materials that are obscene, pornographic, harmful to children, or otherwise inappropriate, notwithstanding that such software may at certain times block access to materials deemed appropriate and valid for educational use as well. At the same time Rowanty cannot guarantee that filtering methods will in all instances successfully filter access to materials that are obscene, pornographic, harmful to children, or otherwise inappropriate. The use of Internet filtering does not negate or otherwise affect the obligations of users to abide by the terms of this policy and to refrain from accessing such inappropriate materials. No technology is guaranteed to be error-free or totally dependable. Among other matters, Rowanty, its I.T. Department, administrative team and governing board is not liable or responsible for:

1. any information that may be lost, damaged, or unavailable due to technical or other difficulties
2. the accuracy or suitability of any information that is retrieved and/or produced through technology, breaches of confidentiality, or defamatory material.
3. responsible for any breach of personal security as a result of user error, weak user password, or a security vulnerability.
4. access to material that may be seen as offensive or obscene in nature as a result of a system failure, system bypass either by accident or on purpose.

Privileges and Responsibilities

Rowanty Technical Center's Network is a part of a curriculum and is not a public forum for general use. Users may access technology only for educational purposes. Access to the Rowanty Network and use of the technology related equipment is a privilege, not a right. We will strive to provide equitable opportunities for the use of technology, and the I.T. Department will take reasonable measures to inform students and staff of the rules and regulations regarding network and

equipment use in staff and student handbooks. This policy shall apply to all users and devices including but not limited to faculty, students, administrators, staff, community, and guests.

Users of technology will:

1. Use or access technology only for educational or administrative purposes.
2. Comply with copyright laws, fair-use laws, and software licensing agreements.
3. Understand that email, chats, sites, and network files are not private. Network administrators and other designated personnel have access to all email messages, chat logs, and network usage and may review files and communications to maintain integrity and monitor responsible use. All electronic transactions may be logged in accordance with the Electronic Discovery Act.
4. Respect the privacy rights of others and maintain confidentiality of all personnel and student records stored.
5. Be responsible at all times with the proper use of technology including the proper use of access privileges, complying with all system security identification codes, and not sharing any codes or passwords.

This includes wireless internet access by cell carriers and access points maintained by the residences adjacent to the property. Any user found to be accessing the internet on a personal device with wireless connectivity without express permission by a teacher, administrator, or the I.T. Department will be subject to the disciplinary actions set forth in this policy.

Access to the Wireless Network is restricted to a per-user basis. Anyone who is authorized for wireless access to the network will be subject to the rules and regulations set forth in this policy. If a user violates any portion of the Internet Safety and Acceptable Use Policy, the right to access the Wireless Network will be immediately and permanently revoked.

Students may not use laptops or portable computing/communication devices while in class without the express permission of his or her teacher.

It should be noted that wireless connectivity is considered a secondary network and connectivity is not guaranteed on your device. Rowanty provides and maintains computers for students and staff to use. No assistance besides the information provided on the I.T. site will be provided for anyone connecting a personal device to the Rowanty provided wireless network.

Websites and Web pages

Authorized users may create web pages only as part of a class activity. Material presented on a class website must meet the educational objectives of the class activity. The Teacher, I.T. Department, and Administration have the right to exercise control over the content and/or style of the student web pages. All class web pages shall be posted through the school website and not hosted by any provider other than Google Sites unless prior approval is obtained in writing.

Only those students whose parent(s) or guardian(s) have consented and signed a release may post their work or picture on student or school websites. Students whose work, likeness (as captured by photograph, video or other media) or voices are presented on a student website shall be identified by first name only for confidentiality and safety purposes unless otherwise approved by Rowanty administration and a parent or guardian.

Guidelines for use of Electronic Communications

Technologies, such as social networking tools, blogs, forums, and message boards, provide excellent ways to collaborate and communicate. Nevertheless, we must exercise care to be sure we use such tools with students in ways that are both age-appropriate and consistent with the mission of the school.

School faculty and staff are expected to behave honorably in both real and virtual (online) spaces. Activities which are improper, unethical, illegal, or which cause undue discomfort for students, employees, parents, or other members of the school community should be judiciously avoided in both physical space and on the Internet.

To that end, we offer the following guidelines for school employees who use online social networking applications which may be frequented by current, former students, and potential future students.

1. Course use of Social Networking: In order to provide equal, age-appropriate access for students to course materials, faculty should limit class activities to school-sanctioned online tools. New social networking tools and features are being continually introduced which may or may not be appropriate for course use. The same care must be taken in choosing such tools and support materials.
2. Model Appropriate behavior: Exercise appropriate discretion when using social networks for personal communications (friends, colleagues, parents, former students, etc.) with the knowledge that adult behavior on social networks may be used as a model by our students.
3. Friending: Do not initiate friend contacts with current students or accept friend requests from current students.

4. Unequal Relationships: Understand that the uneven power dynamics of the school, in which adults have authority over former students, continues to shape those relationships.

5. Other Friends: Remind all other members of your network of your position as an educator whose profile may be accessed by current or former students, and to monitor their posts to your network accordingly. Conversely, be judicious in your postings to all friends' sites, and act immediately to remove any material that may be inappropriate from your site whether posted by you or someone else.

6. Groups in your social network: Associate with social networking groups consistent with healthy, pro-social activities and the mission and reputation of the school, acting with sensitivity within context of a diverse educational environment in which both students and adults practice tolerance and accept competing views.

7. Privacy settings and content: Exercise care with privacy settings and profile content. Content should be placed thoughtfully and periodically reviewed to maintain this standard. Be aware that some of your communications may be public or semi-public even though your privacy settings may reflect otherwise.

8. Misrepresentation: Faculty who use social networks should do so using their own name, not a pseudonym or nickname.

9. Public Information: Recognize that many former students have online connections with current students, and that information shared between school adults and former students is likely to be seen by current students as well.

Physical Technology Equipment

The Rowanty I.T. Department cannot be held responsible for any equipment that was not directly purchased by Rowanty Vocational Technical Center. Equipment not purchased by Rowanty Vocational Technical Center will not be serviced by the Rowanty I.T. Department.

Changes in the physical setup of any technology device owned by Rowanty are not permitted unless prior approval by the Information Technology Department. Examples include, but are not limited to: removing or disconnecting any peripherals connected (such as the mouse, keyboard, or speakers) or disconnecting a device from the local area network.

Printers may be used to make only one copy of a document. Printed material should be cropped or transformed textually prior to printing to make the best use of the paper size loaded into the printer. This includes but is not limited to: removing extra borders, removing ads, printing slides two to four per page, and/or printing only the selection you intend to use.

Reporting Violations

Any actual or suspected violation of the rules listed in the Internet Safety and Acceptable Use Policy should be brought to the attention of the I.T. Department immediately. The I.T. Department will perform an investigation and determine the appropriate course of action with the assistance and support of Rowanty Administration.

Rowanty Response to a Reported Violation

Upon receipt of a violation notice, Rowanty I.T. may temporarily suspend a user's privileges or move or delete the allegedly offending material pending further proceedings. A person accused of a violation will be notified of the charge and have an opportunity to respond before Rowanty imposes a permanent sanction. If a user is deemed to be in violation of the Internet Safety and Acceptable Use Policy, he or she will be subject to the disciplinary actions defined in the following section.

Disciplinary Action

Failure to observe the Internet Safety and Acceptable Use Policy will result in possible disciplinary actions from Rowanty Administration. Punishment for infractions of the Internet Safety and Acceptable Use Policy includes, but is not limited to:

- a temporary or permanent reduction or elimination of access privileges to computing and communication accounts, networks, Rowanty-administered computing rooms, and other services or facilities.
- verbal warnings
- disciplinary probation
- suspension from school
- permanent dismissal from school
- possible criminal prosecution

School administrators may impose any additional disciplinary actions not listed in this policy as deemed necessary by a situation which they feel warrants such actions.

Criminal prosecution, depending on the circumstances of each incident, may be necessary. If your activity breaks the law, you can be prosecuted. Even if you are not charged criminally, you can still be suspended from the school. Parents or guardians will be involved in any case which may result in suspension or dismissal from the school. Parents or guardians may be liable for damages resulting from student abuse of any system.

The school reserves the right to protect its electronic resources from threats of immediate harm. This may include activities such as disconnecting an offending device from the campus network, terminating a session, terminating a running job on a system, or taking other action. If Rowanty I.T. believes it's necessary to preserve the availability, security, integrity of facilities, user services, data, data security, or network security, it may temporarily suspend any account, service, or server with or without notice, whether or not the account/user is suspected of any violation. Servers, computers, and services that threaten the security of school systems may be removed from the network and allowed to reconnect only with the approval of network administration.

No Expectation of Privacy

No user shall have any expectation of privacy in any message, file, image or data created, sent, retrieved, received, or posted in the use of the Rowanty Vocational Technical Center equipment and/or access. Rowanty Vocational Technical Center has a right to monitor any and all aspects of electronic communications and social media usage. Such monitoring may occur at any time, without notice, and without the user's permission.

In addition, users must recognize that there is no assurance of confidentiality with respect to sending or receiving transmissions to/from persons outside the network as some transmissions are still in clear text with no encryption. This includes but may not be limited to email.

A third party may have access to the user's data only through the I.T. Department for the sole purpose of off-site backups, remote administration/technical support, or remote hosted/cloud applications.

Staff Responsibilities to Students

Staff members utilizing the network, internet and/or computer resources for instructional purposes with students are responsible for supervising such use. In selecting technology for teaching purposes, staff shall comply with the selection criteria for instructional materials. Staff members are expected to be familiar with the School's policies and any administrative rules concerning student computer and network use and then enforce them. When in the course of their duties staff members become aware of student violation(s), they are expected to stop the activity and/or inform the Information Technology Department.

Additional Rules/Actions/etc.

1. Community Outreach includes our newsletter, mailing lists, and our main website.
2. Rowanty offers ongoing professional development and needs assessments every year with our pre-school workweeks. Needs assessments are conducted at meetings and through surveys.
3. The Rowanty Administration Team may establish additional procedures and guidelines and shall take appropriate action to implement this policy as necessary.
4. The school board will review, amend if necessary, and approve this policy every year.

STUDENT BEHAVIOR CATEGORIES

The following behavior categories have been developed by the state and are designed to recognize the impact student behavior has on the school environment and on learning. They encourage awareness of students' social-emotional development and emphasize the importance of helping students achieve academically and develop SEL (Social-Emotional Learning) competencies.

Behaviors that Impede Academic Progress (BAP)

These behaviors impede academic progress of the student or of students. They are typically indicative of the student's lack of self-management or self-awareness. Sometimes, the student may need help in understanding how the behavior impacts others so training in social awareness may also be indicated.

Behaviors Related to School Operations (BSO)

These behaviors interfere with the daily operation of school procedures. Students exhibiting these behaviors may need to develop self-management, self-awareness, or social awareness skills.

Relationship Behaviors (RB)

These behaviors create a negative relationship between two or more people that does not result in physical harm.

Relationship behaviors affect the whole school community in that the school climate is often a reflection of how people treat one another. Students who exhibit difficulty with relationship behaviors may also have difficulty with the other social-emotional competencies.

Behaviors that Present a Safety Concern (BSC)

These behaviors create unsafe conditions for students, staff, and visitors to the school. The underlying reasons for this type of behavior may lie in any of the social-emotional competencies so the administrator should investigate the underlying motivation for the student's behavior. Training in social awareness and decision-making are usually indicated in any behavior that creates a safety concern.

Behaviors that Endanger Self or Others (BESO)

These behaviors endanger the health, safety, or welfare of either the student or others in the school community. Behaviors that rise to this level of severity are often complex. While they are indicative of poor decision-making skills, students who exhibit these behaviors may also have developmental needs in the other social-emotional competencies.

Persistently Dangerous Behaviors (PD)

These behaviors are deemed as persistently dangerous by the state.

LEVELS OF ADMINISTRATIVE RESPONSES TO STUDENT BEHAVIOR

The following summarizes the levels of disciplinary responses which shall be enforced by school personnel with students who are in violation of school rules, *Code of Student Conduct*, School Board Bylaws, Policies, Division Regulations, the Discipline Guidelines, and/or local, state, or federal laws. Disciplinary responses to student behavior are dependent on the nature of the behavior and are progressive in nature; that is, the level of response increases as the number of instances of similar inappropriate behavior increases.

In an effective approach to intervention and discipline, when students do not meet behavioral expectations, they receive supports to address the root causes of the behavior and learn appropriate alternatives. When a specific student behavior does not change following an intervention – or the behavior increases in frequency, intensity, or duration – a problem solving approach is used to identify alternative interventions and responses. All stages of a system of intervention should include opportunities for learning acceptable replacement behaviors within the school and community and access to interventions to address the underlying causes of behavior.

Delivering disciplinary responses to unwanted behaviors is often a needed but never sufficient strategy for reducing inappropriate behavior. Therefore, leveled systems of disciplinary responses should always be only one part of more comprehensive policy around behavior that includes instructional, preventive, and proactive strategies as described earlier in this document.

The delivery of disciplinary responses should only serve four (4) key functions:

- preventing a negative behavior from being rewarded
- preventing a problem behavior from escalating
- preventing a problem behavior from significantly interrupting instruction
- preventing physical and/or social emotional harm to others

Note: If the Principal or his/her designee determines that the student's presence at school creates a continuing danger to persons or property or an ongoing threat of disruption, the student may be removed from school immediately.

LEVEL 1 RESPONSES

Level 1 responses are intended to prevent further behavioral issues while keeping the student in school.

- Re-teaching or modeling of desired behavior
- Verbal Warning/Reprimand (*Every effort should be made to conduct warnings/reprimands privately.*)
- Written reflection or letter of apology
- Peer mediation or conflict resolution
- Behavior progress chart
- Timeout/Reset (Max 1 day) with behavioral instruction and academic support
- Seat change
- Loss of school privileges
- Confiscation of item or device by the administration
- Administrator/Teacher/Parent/Guardian conference
- Detention (*before school, at lunch, after school **Students will be supervised by an administrator, teacher, or other instructional staff*)
- Administrator/Student conference and/or Administrator /Student/ Teacher conference
- Restitution
- Bus Suspension (*Elementary: up to 2 days, Secondary: up to 3 days*)

LEVEL 2 RESPONSES

Level 2 responses are designed to prevent further behavioral issues and attempt to keep the student in school. Depending upon the severity of the behavior, short-term removal of the student from the classroom may be appropriate.

- Student conference
- Administrator/Teacher/Parent/Guardian Conference
- Check-In/Check-Out
- Mediation or conflict resolution

- Behavior Contract (*Developed with and signed by the student, parent/guardian, and school officials*)
- Detention (*before school, at lunch, after school **Students will be supervised by an administrator, teacher, or other instructional staff*)
- Community service (*Through Prevention Services*)
- Referral for support services (g. *School Counselor, School Social Worker, Prevention Services, Mentor Program*)
- Referral to RISE program (*Secondary students only*)
- Restitution
- Confiscation
- Temporary loss of privileges
- Schedule change
- ISS with behavioral interventions and/or restorative practices (*Elementary: up to 3 hours, Secondary: up to 3 days*)
- Bus suspension (*Elementary: up to 4 days, Secondary: up to 5 days*)

LEVEL 3 RESPONSES

Level 3 behaviors, dependent upon the severity, chronic nature of the behavior and/or safety concerns, may result in the student's short-term removal from school.

- Administrator/Teacher/Parent/Guardian Conference
- Detention (*before school, at lunch, after school **Students will be supervised by an administrator, teacher, or other instructional staff*)
- Behavior Contract (*Developed with and signed by the student, parent/guardian, and school officials*)
- Community service (*Through Prevention Services*)
- Referral for support services (g. *School Counselor, School Social Worker, Prevention Services, Mentor Program*)
- Referral to RISE program (*Secondary students only*)
- Restitution
- Revocation of privileges

- Functional Behavior Assessment (FBA) and Behavior Intervention Plan (BIP) Development (*Exceptional Education Student*)
- Short-term(OSS) Out of School Suspension (*Elementary: up to 3 days, Secondary: up to 5 days*)
 - During the period of OSS **restrictions** are in place. The student is not permitted on school property or at school-sponsored activities. The student will be provided classwork and homework material so that the student may remain current with school instruction while enrolled in school. The parent/legal guardian shall be required to confer with the administrator prior to the student's reinstatement from OSS.
- Bus Suspension (*up to 10 days*)

LEVEL 4 RESPONSES

*Level 4 behaviors may require a report to the Chief Academic Officer (as the Superintendents' designee) as outlined in **Virginia Code §22.1-279.3:1**. It does not automatically result in a long-term suspension, change of placement or expulsion. After a review of the incident in context, the student may be permitted to return to the comprehensive setting with additional supports and/or responses to be implemented.*

- Threat Assessment as indicated by the behavior
- Referral to law enforcement, as required
- Long-term revocation of privileges
- Restitution
- Behavior Contract (*Developed with and signed by the student, parent/guardian, and school officials*)
- Schedule Change
- Referral to RISE program (*Secondary students only*)

 - During the period of OSS **restrictions** are in place. The student is not permitted on school property or at school-sponsored activities. The student will be provided classwork and homework material so that the student may remain current with school instruction while enrolled in school. The parent/legal guardian shall be required to confer with the administrator prior to the student's reinstatement from OSS.
- Recommendation for a long-term suspension (*up to 45 days*)
- Referral for alternative setting

LEVEL 5 RESPONSES

Level 5 responses are reserved for the most serious behaviors, resulting in a report to the Chief Academic Officer (as the Superintendents' designee). The referral to the Chief Academic Officer may not automatically result in a school reassignment, alternative placement, long-term suspension or expulsion.

- Threat Assessment as indicated by the behavior
- Referral to law enforcement, as required
- Recommendation for a long-term suspension (*up to 45 days*)
- Referral for alternative setting
- Recommendation for expulsion
- In the case of a recommendation for long-term suspension or expulsion, the parent or guardian may appeal to the Chief Academic Officer in writing within five days of receiving notice from the principal. The Chief Academic Officer will arrange a time and place for a hearing to be held within ten school days of the date of notice from the Principal. The Principal and any witnesses deemed necessary should attend the hearing. The student and the parent/legal guardian shall also be required to attend the hearing. The Chief Academic Officer may uphold or modify the recommendation. Should the decision be made to uphold the recommendation, the parent or guardian

has the right to appeal the decision to the School Board. Instruction will continue to that the student may remain current with academics.

BEHAVIORAL RESPONSES AND INTERVENTIONS DEFINED

Rowanty uses a variety of behavioral interventions in order to work as a community to address inappropriate behavior, with a focus on teaching appropriate behavior, restoring harm and repairing relationships. The following behavioral interventions/responses may be used when responding to student behavior:

Parent/Legal Guardian Contact – Parent/legal guardian contact may be in the form of verbal communication (e.g., phone call) or written communication (e.g., letter or email).

Conference – A conference may be held in person or by virtual means and may include any combination of the following participants: student, parent/legal guardian, administrator, counselor and other school staff. After a first conference is held, additional conferences may be necessary in order to continue to provide support and guidance to the student.

Behavioral Contract – The contract is a written agreement between the student, parent/legal guardian and the school, listing requirements for improvement.

Functional Behavior Assessment (FBA) –The FBA examines the student’s behavior and potential reasons for the behavior.

Behavioral Intervention Plan (BIP) – The BIP is a plan developed with information from the FBA. It is designed to put strategies in place to assist the student with changing inappropriate behavior.

Progress Monitoring – Methods to monitor and support a student’s behavioral progress include strategies such as the check-in/check-out system and/or a behavior progress chart.

Seat or Schedule Change – A student’s immediate environment may be altered in order to assist the student in behavioral success. This may include actions such as assigning a seat, changing the student’s seat and/or changing the student’s schedule.

Restorative Practices – Restorative practices may be used in order for a student to understand the impact of their actions on others and give the student an opportunity to repair the harm that was done and/or repair relationships. Examples of restorative practices are mediation, formal restorative conferences, restorative circles or groups, and restitution. (see Restorative Practices)

Referral to Outside Support Agency – A referral to an outside support agency may be made by the school in order to assist the parent/legal guardian with finding additional resources to assist their student. The cost for participation in programs and/or services by agencies outside of the school division is the responsibility of the parent/legal guardian.

Referral to Threat Assessment Team – In circumstances involving a threat to students or staff, a school threat assessment team will meet to evaluate the seriousness of the threat in order to take appropriate action. Members of the team may include the school’s administration, resource officer, psychologist and counselor.

MANDATORY EXPULSION

Any student committing any of the following offenses while on school property or at school-sponsored or related activities, shall, except for a first-time simple drug or alcohol possession or drug paraphernalia possession offense at the discretion of the Principal will be automatically recommended by the Principal to the Superintendent for expulsion of at least one calendar year and, when appropriate, referred for criminal prosecution. FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT (FERPA)

[The Family Educational Rights and Privacy Act \(FERPA\)](#) (20 U.S.C. § 1232g; 34 CFR Part 99) is a Federal law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education.

FERPA gives parents/legal guardians certain rights with respect to their children's education records. These rights transfer to the student when he or she reaches the age of 18 or attends a school beyond the high school level. Students to whom the rights have transferred are "eligible students."

- Parents/legal guardians or eligible students have the right to inspect and review the student's education records maintained by the school. Schools are not required to provide copies of records unless, for reasons such as great distance, it is impossible for parents/legal guardians or eligible students to review the records. Schools may charge a fee for copies.
- Parents/legal guardians or eligible students have the right to request that a school correct records which they believe to be inaccurate or misleading. If the school decides not to amend the record, the parent/legal guardian or eligible student then has the right to a formal hearing. After the hearing, if the school still decides not to amend the record, the parent/legal guardian or eligible student has the right to place a statement with the record setting forth his or her view about the contested information.
- Generally, schools must have written permission from the parent/legal guardian or eligible student in order

to release any information from a student's education record. However, FERPA allows schools to disclose those

records, without consent, to the following parties or under the following conditions (34 CFR § 99.31):

- School officials with legitimate educational interest;
- Other schools to which a student is transferring;
- Specified officials for audit or evaluation purposes;
- Appropriate parties in connection with financial aid to a student;
- Organizations conducting certain studies for or on behalf of the school;
- Accrediting organizations;
- To comply with a judicial order or lawfully issued subpoena;

- Appropriate officials in cases of health and safety emergencies; and
- State and local authorities, within a juvenile justice system, pursuant to specific State law.

Directory information is routine information that generally is not considered harmful to disclose. Consequently, this kind of information may be included in school publications and disclosed to outside organizations without the parent’s prior written consent – unless the parent has opted out of such disclosure. For students currently enrolled in DCPS, the decision to opt out of the release of directory information applies only to the current school year and the decision to opt out of directory information must be sent in writing to the student’s school office within 10 days of receiving this notification. If a student withdraws or graduates from DCPS, however, DCPS will continue to honor the last opt-out decision made while the student attended DCPS, unless DCPS is notified that the choice has been rescinded. The following are examples of directory information that are frequently made available to the general public (including the press):

- Honor rolls, awards, and scholarship lists
- Officially recognized activities and sports (weight and height if needed as a member of an athletic team)
- Videos of performances, school activities, graduation, and athletic events
- Articles about school activities and athletic events
- Students’ major field of study
- Pictures on division or school websites, promotional materials, annual reports, or other Rowanty online or print documents

Rowanty does not generally release student birth date, gender, primary/home language, addresses and phone numbers, attendance, weight, height, and other similar information to the press or the general public, even though it is directory information. Unless the parent (or student over 18) has opted out of such disclosures, Rowanty will disclose some of these information items only to certain designated organizations. These may include state, and county agencies, and other organizations to assist in the provision of services in the best interest of the student. Please note that even if a parent has decided to opt out of the release of directory information to such agencies, Rowanty may release this information to such agencies if the release is otherwise authorized by law.

STUDENT SEARCHES

A student’s individual right to privacy and freedom from unreasonable search and seizure is balanced against the school’s responsibility to protect the health, safety and welfare of all persons within the school community. Designated school officials may search any student and their property (including privately owned electronic devices) and/or an impairment assessment completed when there is reasonable suspicion that a law or school rule has been or is about to be broken, or there is reasonable basis to believe that the student possesses an item which violates local, state or federal law, school board policies or division regulations, or which may be harmful to the school or its students and staff. Any illegal materials discovered by school administrators will be seized and turned over to appropriate law personnel.

Metal detectors and other types of surveillance equipment may be used in the schools and at school activities for both random searches and where reasonable suspicion to search is present. Police dogs may be used on school property to detect the presences of weapons, drugs, and/or other contraband. Depending on the infraction, appropriate legal charges can be pressed against a student. [Virginia Code §16.1-269.1](#) permits juveniles, 14 years of age or older at the time of an alleged offense to be prosecuted as adults for specific crimes under certain circumstances.

QUESTIONING OF STUDENTS

School staff may question or interview minor students regarding violations of the *Code of Student Conduct* and criminal matters without the consent or presence of parents/legal guardians.

Rowanty Technical Center Insurance Verification Form

The Rowanty Technical Center offers programs that expose students to a variety of career fields. Students have learning experiences where they are using tools and power equipment representative of that career field. The Center provides instruction on safety and the use of this equipment. This institution with supervision doesn't guarantee that students always follow the best practices or these measures prevent accidents. Consequently, students must have accidental insurance either through their parents/guardians or purchase school accidental insurance. Please contact Rowanty if you need information about school insurance. I have had an opportunity to understand the risk.
