

Automotive Technology

The Automotive Technology Program prepares students for entry-level jobs in the automotive technology industry. The program provides students with hands-on training to service automobiles. Students in the second year of this program have the opportunity to earn several ASE certifications and their Virginia State Inspector License.

Related Careers

- Engineer
- Master Technician
- Service Manager
- Service Writer
- Parts Associate
- Shop Manager

Program Outcomes

By the completion of this program, students will be expected to demonstrate an introductory level of competency in the following skills:
