

## Plumbing

The Plumbing Program prepares students for entry-level jobs in the architecture and construction industries. The program provides students with hands-on training associated with plumbing and pipefitting. Students in this program earn their OSHA-10 and forklift operator certifications.

### Related Careers

- Engineer
- Iron and Steel Worker
- Fabricator
- Boilermaker
- Gas Service Technician
- Plumber

### Program Outcomes

By the completion of this program, students will be expected to demonstrate an introductory level of competency in the following skills:

- Read blueprints and mark materials accordingly.
- Join pipe and fittings in various methods.
- Install common household items such as sinks, water heaters, and toilets.

### Program Credits

One Year Program (Grades 10-12):

Plumbing I (17058-I), 1 Credit

Plumbing II (17058-II), 2 Credits
